Elizabeth Bradner Davis

To Whom It May Concern:

On behalf of the Breast Cancer Research Foundation of Alabama (BCRFA), I respectfully request your support for the upcoming **7th Annual "Bow-Up Against Breast Cancer" 3-D Archery Tournament** at **Cullman Archery Park** on **Saturday, June 9th – Sunday, June 10th**.

Since the inception of this event, Bow-Up Against Breast Cancer has played a pivotal role in funding breast cancer research raising over \$141,000 towards the fight! The funds raised supports research at the UAB Comprehensive Cancer Center and their collaborative partners. For every dollar raised, UAB is able to generate at least \$14 in federal funding, which brings the total impact of Bow-Up Against Breast Cancer's support for breast cancer research to almost \$2 million!

We respectfully request your consideration to contribute to this fundraising tournament in support of the BCRFA mission: *"to help find a cure for breast cancer by funding promising breast cancer research and raising awareness and funding for that research."* If you are interested in becoming a sponsor, registering a team/individual, or donating a prize or silent auction item, please contact the BCRFA at (205)996-5463 or email BCRFA@uab.edu. All donations are tax deductible and 100% of the proceeds benefit breast cancer research in Alabama. The BCRFA is a 501C3 nonprofit organization and all donations are tax deductible. Our federal tax identification number is 63-1162650.

With the combined support of The Bowhunters of Alabama, Inc. (BHA), Heritage Archery Club and that of other bowhunters and affiliates, we anticipate over 400 archery enthusiasts from across the southern states for the two-day tournament. It's sure to be one of the most highly attended charity tournaments of 2018!

We thank you for your consideration and look forward to hearing from you soon.

Warmest Regards,

A handwritten signature in black ink that reads "Beth Bradner Davis".

Beth Bradner Davis
Executive Director

About the BCRFA

The Breast Cancer Research Foundation of Alabama is an independent 501C3 nonprofit organization supporting innovative research to help diagnose, treat, prevent and eradicate the disease. Since its inception in 1996, the BCRFA has contributed over \$7.7 million to fund research at the UAB Comprehensive Cancer Center and their collaborative partners. All funds raised stay here in the state of Alabama, but the research has a global, life-saving impact.
